BOOK SYNOPSIS

Krav Maga: Real World Solutions to Real World Violence presents a no-nonsense approach to neutralizing attackers in close quarters. Author Gershon Ben Keren explains the philosophy behind the Krav Maga method, which is the basis of the Israel Defense Forces (IDF) devastating close combat system. This book lays out a systematic approach to self-defense and provides illustrated confrontation scenarios paired with tailored practical responses. Accompanied by clear, easy-to-follow photographs, practical combat skills are described in step-by-step detail, along with the movement patterns needed to make them effective in real-life settings. All of the photos in the book were shot in real-time, demonstrating what realistic movements—both from the attackers and defenders perspective—look like. Where applicable, techniques have been shot in the scenarios in which they occur such as bars, restrooms, ATMs, etc. The situational components of such violent incidents are explained, so the reader can learn to identify, predict, and avoid violence before it occurs. Contents of this Krav Maga book include: What is Krav Maga? Krav Maga Yashir Introduction to author Gershon Ben Keren Basic Skills (Stances, Movement, Blocking and Striking)—The Timeline of Violence; Controlling Range; Relative Body Positioning; Groin Kick; Driving Knee Self-Defense Scenarios Disarming Unarmed Assaults Preventing a Front Headlock And many more!
